

Our material compositions are as individual as your requirements. The ideal composition of polyurethane, resin or rubber with the corresponding grain guarantees the perfect result. Regardless of whether initial equipment, tools with a long service life, economic variants or special glass: you decide what you need, we have the matching series.

THE MULTI-TALENT: SERIES SC – S

One for everything: silicon carbide in a resin bond grinds and polishes arris with or without diamond pre-grinding.

EDGE PROFILES

Arris
